Kia Service Plans

Kia Service Plans are designed to offer you the convenience of paying for your scheduled services through interest free monthly payments. Plans can be tailored to meet your specific needs and allow you to spread the cost of your vehicles maintenance.

What's included?

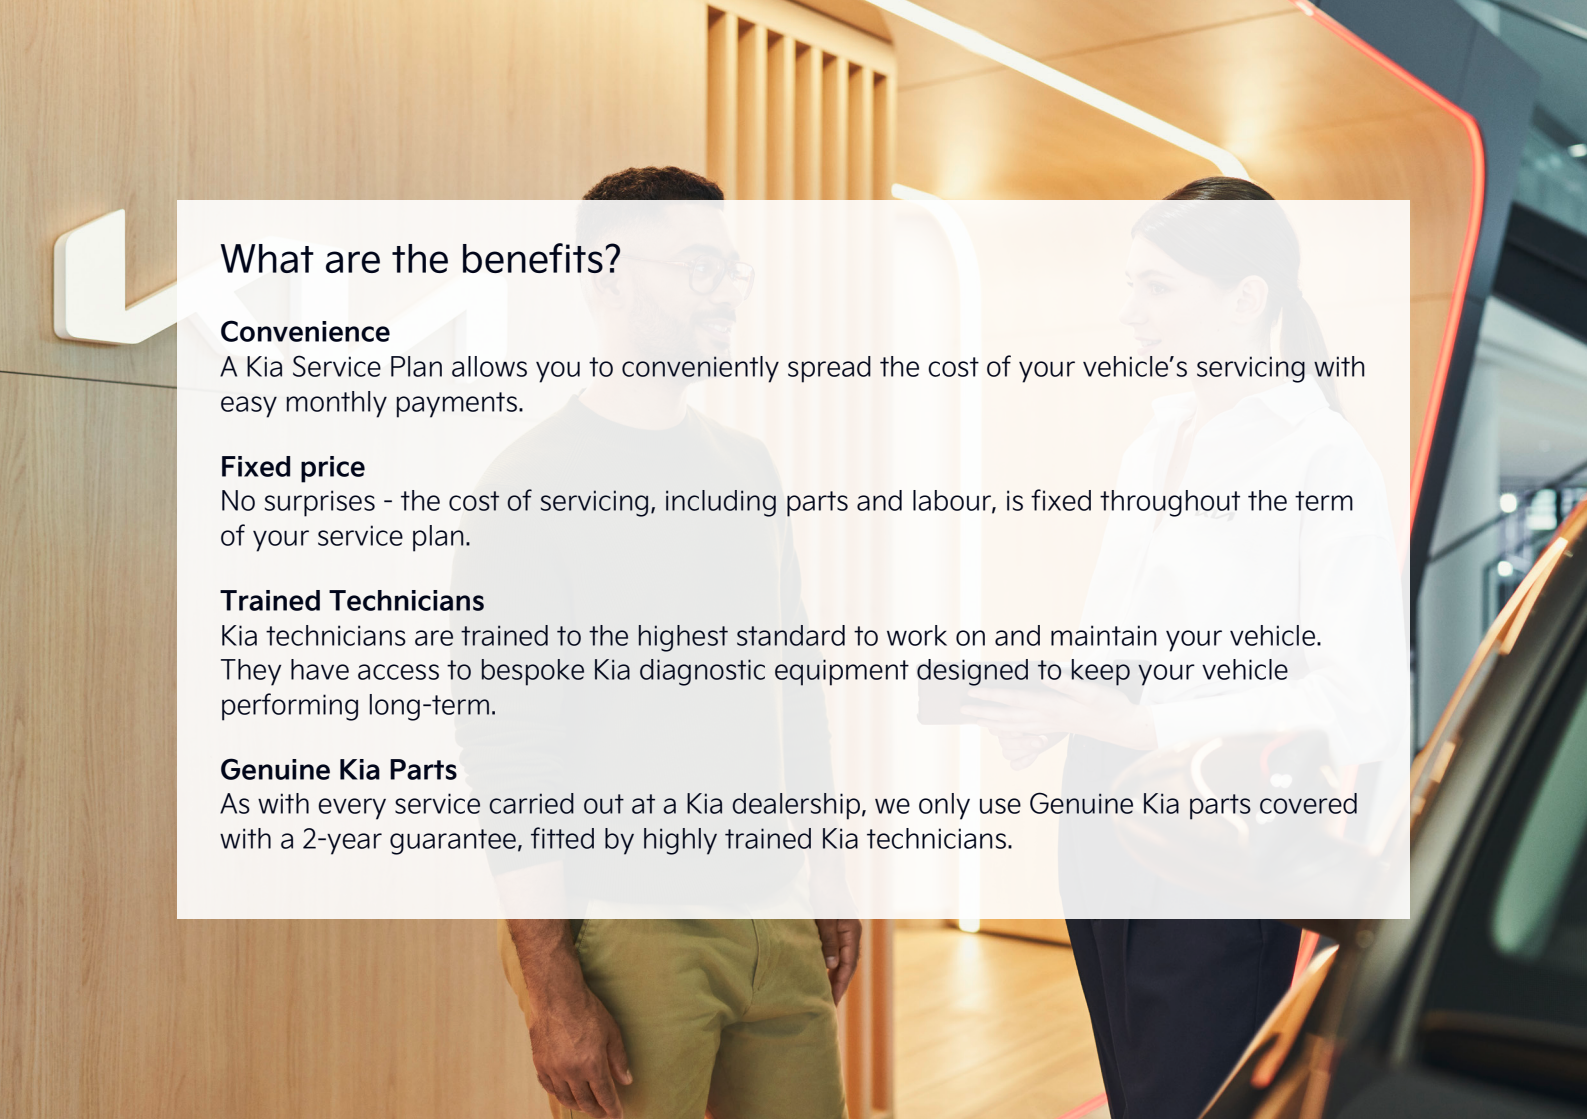

Your Service Plan covers the costs of your Kia scheduled servicing, including parts, labour and VAT. Additional non scheduled items such as brake pads, windscreen wipers and tyres are excluded.

How do I pay?

You can spread the cost of your Service Plan with interest free monthly direct debits, for example:

- 2 Service Plans paid over 20 monthly installments
- 3 Service Plans paid over 30 monthly installments
- 4 Service Plans paid over 40 monthly installments
- 5 Service Plans paid over 50 monthly installments

There is an option to pay a deposit of your choice to reduce your monthly payments. Alternatively, you can pay for your service plan up-front with cash, debit/credit card or adding the cost into your finance package.

What are the benefits?

Convenience

A Kia Service Plan allows you to conveniently spread the cost of your vehicle's servicing with easy monthly payments.

Fixed price

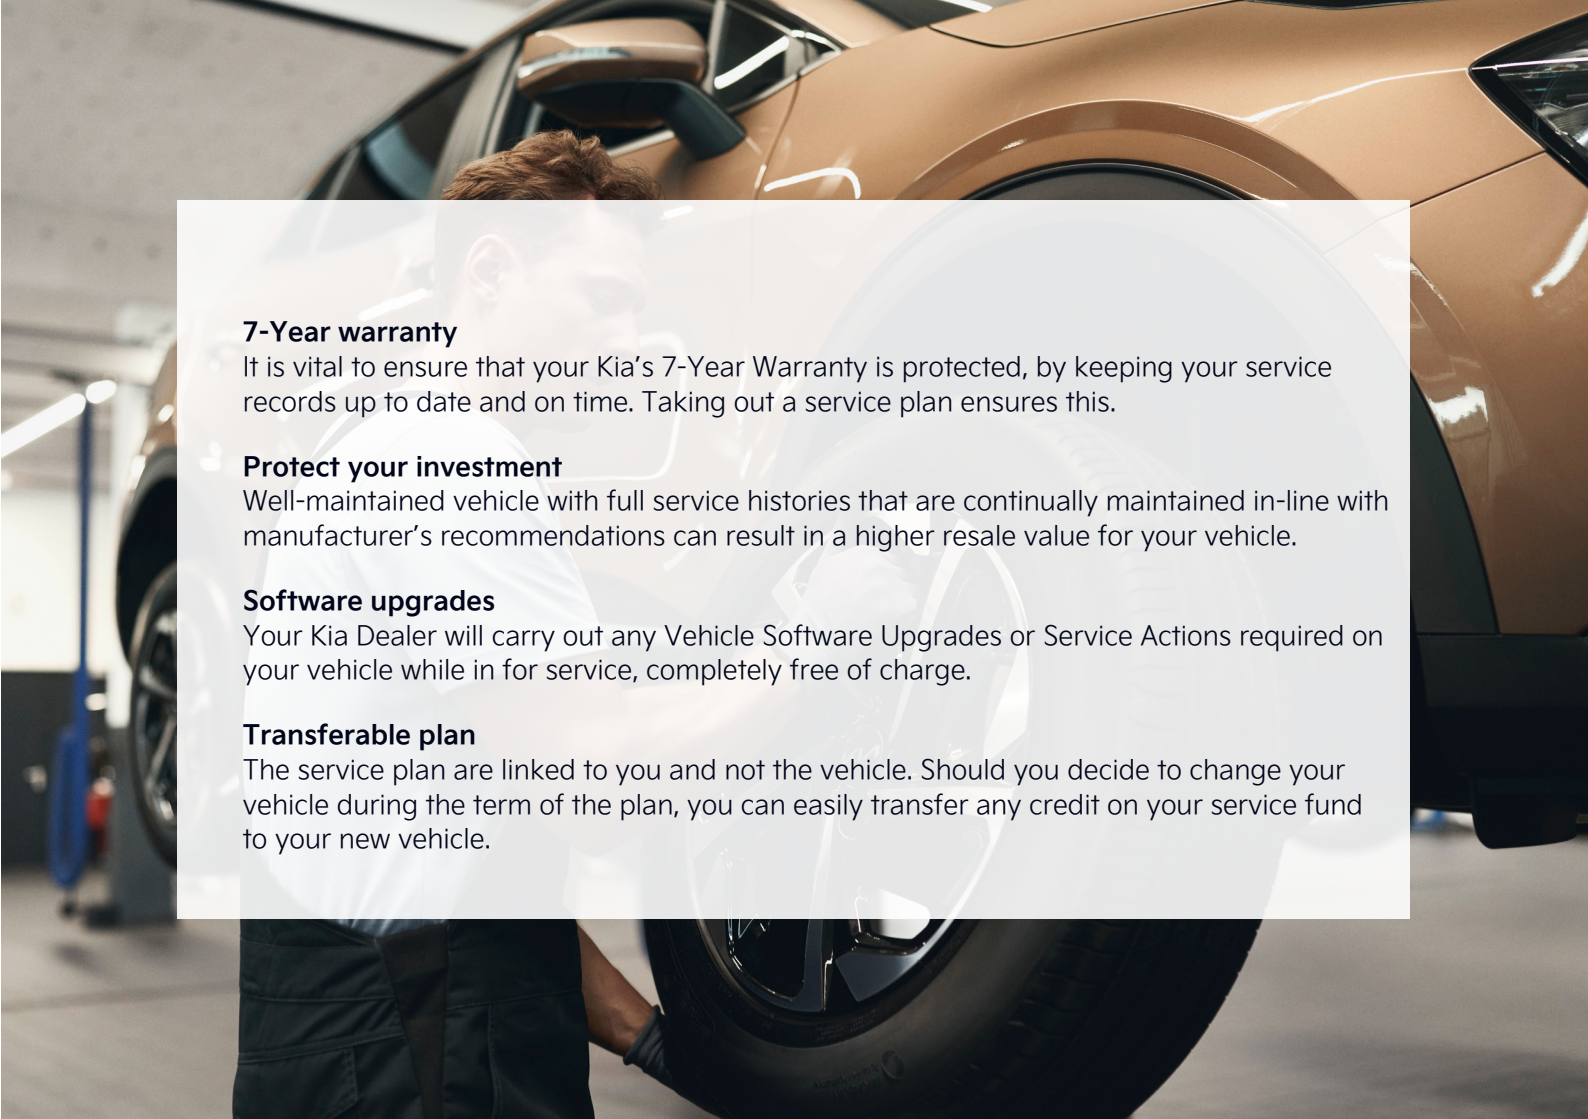

No surprises - the cost of servicing, including parts and labour, is fixed throughout the term of your service plan.

Trained Technicians

Kia technicians are trained to the highest standard to work on and maintain your vehicle. They have access to bespoke Kia diagnostic equipment designed to keep your vehicle performing long-term.

Genuine Kia Parts

As with every service carried out at a Kia dealership, we only use Genuine Kia parts covered with a 2-year guarantee, fitted by highly trained Kia technicians.

7-Year warranty

It is vital to ensure that your Kia's 7-Year Warranty is protected, by keeping your service records up to date and on time. Taking out a service plan ensures this.

Protect your investment

Well-maintained vehicle with full service histories that are continually maintained in-line with manufacturer's recommendations can result in a higher resale value for your vehicle.

Software upgrades

Your Kia Dealer will carry out any Vehicle Software Upgrades or Service Actions required on your vehicle while in for service, completely free of charge.

Transferable plan

The service plan are linked to you and not the vehicle. Should you decide to change your vehicle during the term of the plan, you can easily transfer any credit on your service fund to your new vehicle.

Kia Service Plans cover the annual scheduled services in line with Manufacturers time/mileage recommendations but do not include additional maintenance or repair for wear & tear items such as tyres, brake pads, bulbs, drive belts and fluid top up's between services, etc.

Kia service plans cover the cost of the parts, lubricants and labour involved in the scheduled servicing, depending on the plan taken out.

Kia Service Plans are only applicable to parts and lubricants supplied and labour charges

in the Rep. of Ireland, although service plans may be purchased in respect of vehicles purchased in other parts of the EEC.

Servicing conducted under Kia Service Plans must be carried out in line with the Manufacturers time and mileage recommendations.

Service due dates are taken from the first date of registration of the vehicle.

You can arrange for servicing under any Kia service plan to be carried out by any Kia Dealer or Authorised Repairer within the Rep. of Ireland.

Kia Service Plans do not cover items that require replacement or repair due to excess wear and tear, misuse or a lack of maintenance as described in the owners handbook.

Any form of tuning or modification to your vehicle will invalidate the Kia Service Plan without the need for evidence that the tuning or modification has adversely affected your vehicle.
